COMMUNICATION WITH THE FINANCIAL CONTROLLERS

In order to accomplish effective communication and receive the necessary feedback, in December 2004 the Central Harmonization Unit "Methodology of the Budgetary Control" required information about the financial controllers of First level spending units or the civil servants exercising these functions.

This information about the financial controllers of the Republican budget's First level spending units has already been collected and processed. The Central Harmonization Unit "Methodology of the Budgetary Control" has prepared and sent to all municipalities letter insisting on information about their financial controllers.

Enclosed: Letter-information about the financial controllers appointed to municipalities or the civil servants exercising these functions
